

Specification

Item	Parameter
Model	HPI-50
Material	Rubber
Color	Black
Pcs/Set	4
4Pcs Gross Weigh (lbs)	0.293lbs(0.13kg)
Max Loading Capacity (lbs)	110lbs (49.9kg)
Size: H × h × D × d (inch)	13/16"×1/4"×1-1/4"×7/16"
Size: H × h × D × d (mm)	20.6mm×6.4mm×31.8mm×11.1mm
Package Dimensions: A×B×C (mm)	350mm×190mm×230mm
Qty Per Carton Box	456pcs (114sets)

Dimension

Features

- Integrates elastomeric elements with weatherproof metal plates for dual-action shock absorption and noise reduction.
- Supports up to 200 lbs across 4 units, ensuring stability and lightweight efficiency.
- Easy installation, clamp-style design installs effortlessly between mounting brackets and AC unit.
- The vibrations from HVAC devices are absorbed by the rubber element and the energy is dissipated into the atmosphere as low-grade heat.
